

PIREP Flight Time 00:00

Entry

If you see a **Flight Time 00:00** entry in your PIREP, then, to ACARS, it means you triggered a landing *before* you took off.

It can happen in a number of ways while flight logging is taking place – for instance, by moving the plane or rolling across bad airport mesh during your taxi to the runway or on takeoff.

If you see this entry, the PIREP will be automatically **rejected**.

Manual changes cannot and will not be made.
