

# Downloads – Liveries

## Active

***When flying for the Company using ACARS, all aircraft are to be flown in Company 'colors' unless you are a member of the Patreon program.***

Custom-designed, company-branded liveries for all Fleet aircraft can be found *and* downloaded here.

To locate a livery for a specific aircraft, click the "Show Aircraft Filter" button in gray to access the search bar, as well as additional filters.

The screenshot shows the 'Liveries' section of the Walker Air Transport website. At the top, there is a navigation bar with the company logo and various menu items. Below this is a red header for 'Liveries'. A gray 'Show Aircraft Filter' button is prominently displayed. Underneath, there are several filter categories: 'Search by Name or ICAO' with a search input field, 'Simulator' with options for MSFS, Prepar3D, and X-Plane, 'Operations' with options for Cargo, Charter, and Scheduled, 'Type' with options for Helicopter, Jet, Piston, and Turboprop, and 'Livery' with options for Modern and Special. There are also checkboxes for 'Favorite Aircraft' and 'Type Rated Aircraft'. A featured aircraft, the AgustaWestland AW109, is shown with a 'Download' button and tags for Operation (Charter), Simulator (XP), Liveries (Modern), and Developers (X-Rotors).

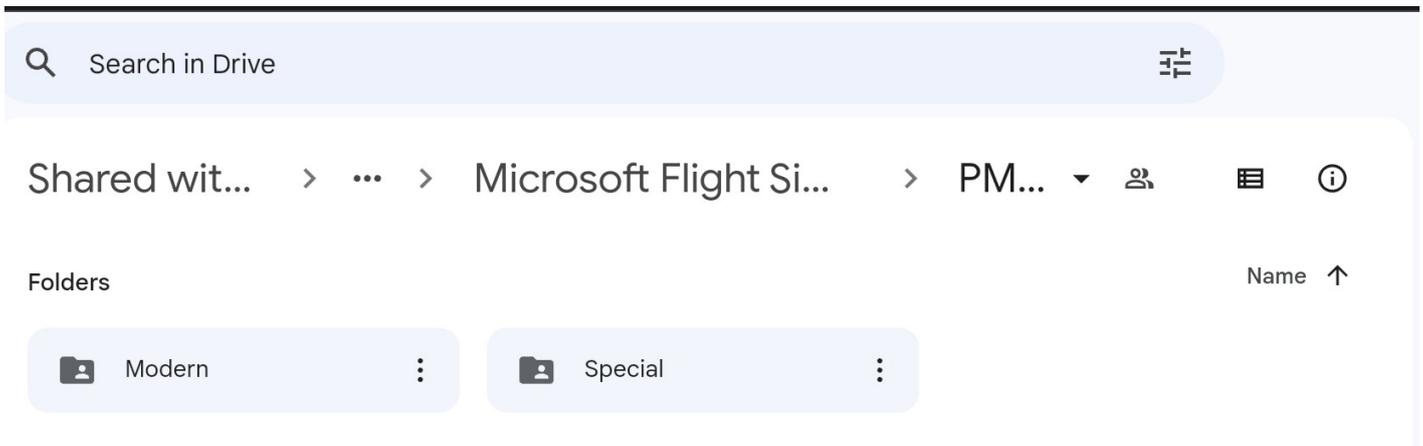

Downloading and installing liveries is covered elsewhere in our documents. Instructions for doing so may be found at these links:

<b>Cargo</b>	<b>Download &amp; Install a Cargo Aircraft Livery</b>
<b>Charter</b>	<b>Download &amp; Install a Charter Aircraft Livery</b>
<b>Scheduled</b>	<b>Download &amp; Install a Scheduled Aircraft</b>

# Special

***When flying for the Company using ACARS, all aircraft are to be flown in Company 'colors' unless you are a member of the Patreon program.***

On special occasions, a custom-designed, company-branded livery *may*, at the discretion of management and the paintshop, be created. To view a **Special Livery**, open the aircraft model, select the appropriate simulator and add-on publisher, then select "Special"
