

Flights – Airports

This is the **Airports** page. There are multiple areas within this page you may find helpful when planning flights.

The screenshot displays the 'Airports' page layout. At the top is a red header with a location pin icon and the word 'Airports'. Below this is a search bar with the text 'If you wish to view details on a specific airport, type the name or ICAO in here' and a 'Go' button. The main content area is divided into three sections: 'Top 20 Departures', 'Top 20 Arrivals', and 'Top 20 Routes'. Each section contains a table of airport names and their respective flight counts.

Let's take a closer look at each of this page's areas...

This is the **Airport Search** Area. Enter an airport's name or **ICAO Code** in the *Text Box* and view detailed information about its activity.

A close-up of the search area. It features a text box with the placeholder text 'Search by airport name or ICAO' and a 'Go' button. Above the text box is a small dropdown arrow icon.

EXAMPLE: *KDSM | Des Moines International Airport*

Type *KDSM* in the *Text Box*.

If you wish to view details on a specific airport, type the name or ICAO in here ↓

Click the **Go** button. A page will then open containing multiple areas.

This is the **Page Identification Bar**. Here, it shows the name of the airport whose information is displayed.

*To return to the **Airports** page at any time, click the arrow icon in the grey box at the right end of the Bar.*

Des Moines International Airport

This is the **Airport Details** area.

KDSM ICAO	United States Country
