

Overview

Discord is an instant messaging and VoIP application and digital distribution platform designed for creating online communities. We use it primarily as a communications tool – to connect and interact with our Pilots in real-time.

*While joining the company's Discord is not mandatory, it's **strongly encouraged**.*

Lurkers are always welcome! Be as active as you desire. Having an active or lurking presence in our Discord is a wonderful way to stay up to date on Company developments and actively engage with your fellow Pilots.

To join the discord, [click here to review the steps to join](#).

Revision #14
