

Pilot Profile – Donate

***While not mandatory or expected**, it's an option for one to make a financial contribution to support Airline operations (servers and service providers), enhancements and improvements (modules, functionality, liveries, etc.) – or in any other way the Business Office determines is appropriate and necessary for support of the Airline and its Pilots.*

If you wish to donate to the Airline, here's a way for that to be done. The details noted below explain what it is *and* how it works.

The screenshot shows a red dialog box titled "Donate to Walker Air Transport" with a close button (X) in the top right corner. The main text inside the dialog reads: "We've been asked from time to time what one could do to support the Airline. The best way to support the airline is to [1], fly as much and as frequently as feasible, and [2], promote us whenever and wherever possible. For some, that will be enough. For others who wish to go beyond that, though, it will not. That's why we've created a 'Donate' option. **While not mandatory or expected**, it's an option for one to make a financial contribution to support Airline operations [servers and service providers], enhancements and improvements [route purchases, modules, functionality, liveries, etc.] -- or in any other way the Business Office determines is appropriate and necessary for support of the Airline and its pilots." At the bottom of the dialog is a button with a dollar sign icon and the text "Donate to Walker Air Transport through PayPal".

You may also opt to join the Patreon program to financially support the company, and get additional benefits.
