

# Pilot Profile – Logbook

This is a quick link (shortcut) to access your **Logbook**.

Click **Logbook**. A moment later, it will appear on your screen – as illustrated below.

*Your double hours and points awarded for participating in an Event flight will not be reflected in this table.*

*Those bonus hours and points are only visible in the individual PIREP report.*

Each page will contain twenty (20) entries, with each entry representing a flight you've flown. In the example above, you can see there are a total of 1,369 entries. Click the chevron buttons in the lower right-hand corner as many times as necessary to view them.

To view the details of a specific flight, click its Flight Number in the **Flight** column – or – click the colored box [green, red or yellow]. After doing so, its **Pilot Report** will appear. You can then review the details of that flight.

Click the **Logbook** button to download a .csv file – something you may find useful if you'd like to analyze your performance in any way you like.
