

# Pilot Profile – Overview

When you click **Profile** in the drop-down menu, the screen below will open.

We'll use **WAT538 Tysen Pina's** Profile for our example.

The screenshot shows a user interface for a pilot's profile. At the top, a red header bar displays the pilot's name "Tysen Pina" and a navigation menu with icons for profile, documents, flight, globe, settings, and a checkmark. The left sidebar is divided into three sections: "PILOT INFO" (ID WAT538, Rank Chief Pilot I, Home KHHR, Country (US), Hired 03 FEB 2021), "STATS" (Total Hours 1,582 / 2,500, Total Points 18,959 / 30,000, Total Flights 498, Avg Landing Rate -148 fpm), and "FLIGHT DUTY TIME" (0h Past 7 Days, 18h Past 14 Days, 27h Past 30 Days, 1,254h Past Year). The main area features a world map with flight routes and a red location pin over North America.

**The Left Side** :: A significant amount of your personal information can be viewed here – by you *and* everyone else.

This is the **PILOT INFO** section displaying high-level personal information. In this example, you can see this Pilot's **WAT ID**, their current **Rank**, **Home Base**, the **Country** where they reside and **Hire Date**.
