

Application & Registration

I've just completed your *Application Form*. How long will it take for it to be approved?

All *Application Forms* are acknowledged and confirmed as soon as staff is available. Historically, decisions for applications are sent out within 24 hours of receipt, though circumstances may cause this to be longer.

What happens when my application is confirmed?

Once your application has been approved, you'll receive a welcome email from the Walker Business Office. Within that email, you will receive your Walker Pilot ID, as well as key links to get you started as a pilot for Walker Air.

Revision #9
