

# Application & Registration

---

## **I've just completed your *Application Form*. How long will it take for it to be approved?**

All *Application Forms* are acknowledged and confirmed as soon as staff is available. Historically, decisions for applications are sent out within 24 hours of receipt, though circumstances may cause this to be longer.

---

## **What happens when my application is confirmed?**

Once your application has been approved, you'll receive a welcome email from the Walker Business Office. Within that email, you will receive your Walker Pilot ID, as well as key links to get you started as a pilot for Walker Air.

---
